

STATE OF NEW YORK

GEORGE E. PATAKI  
GOVERNOR

January 7, 2001

Dear Friends:

It is a pleasure to extend greetings to all gathered for the Annual Breakfast to benefit the *ALEH Foundation*.

The Empire State is fortunate to be home to many organizations that address the special needs of our children. The *ALEH Foundation* is a humanitarian organization that was established to provide assistance and support to children with serious disabilities, as well as their families. Exemplifying the true spirit of love and compassion, all those affiliated with your Foundation and the various *ALEH Centers* are dedicated to providing these youngsters with crucial programs, therapy and other services that benefit them both physically and mentally, and which offer an improved quality of living and hope for a brighter future. Your administrators, staff and volunteers are to be commended for the outstanding work they perform each and every day.

I join in offering congratulations to your honorees at this morning's event -- Mr. David H. Harmon; Dr. Brenda Kohn Molofsky; Dr. Walter Molofsky; Dr. Norman Saffra; Mrs. Irene Klass; Mrs. Naomi Klass Mauer; Dr. Ivan Mauer; Mr. and Mrs. Jerry Greenwald; Rabbi Yaakov and Judy Klass; Dr. Munr Kazmir; and Dr. Enrico Ascher. Their efforts on behalf of the *ALEH Foundation* have earned them special praise and recognition.

Best wishes to all for a successful event.

Very truly yours,

A handwritten signature in black ink, appearing to read "G. E. Pataki".
